MASONITE® STEEL DOOR COLLECTION

Introducing the ultimate collection of steel entry doors...

Masonite is introducing a new, comprehensive line-up of steel entry doors. This collection is second to none. The line includes our new Sta-Tru® HD, Masonite® HD, Masonite® Flush-Glazed and Masonite® Utility Steel Doors. The Masonite HD features our high-definition embossment, primed surface and many other features. The Sta-Tru® HD is truly the ultimate steel door. It includes all of the features of the Masonite HD, and many more - including a prefinished white surface! We are also introducing two new designs, the 1-Panel Arch and the 2-Panel Camber Top. The Masonite® Flush-Glazed door has the clean look of flush-glazing and authentic stile & rail facing construction. The Masonite® Utility door features a standard embossment, primed surface and limited size/design selection. All together, there's a product for almost any application, creating the ultimate in steel entry doors.

Sta-Tru® HD

PREFINISHED STEEL ENTRY DOORS

- Prefinished White Surface* (no initial finishing required on door panel)
- Sta-Tru® HD features wider stiles (Wood-Edge only)

Masonite® HD
HIGH-DEFINITION STEEL ENTRY DOORS

The rich, decorative panel profile adds a touch of style and distinction and more closely replicates the appearance of a high-end wood door. Differentiate your home with Masonite® HD or Sta-Tru® HD High-Definition Steel.

Sta-Tru® HD
PREFINISHED STEEL ENTRY DOORS

Masonite® HD and Sta-Tru® HD Steel Doors are available with Wood-Edge or Steel-Edge construction.

High-definition panel profile provides excellent shadow lines, creating outstanding panel definition.

WOOD-EDGE FLUSH-GLAZED STEEL DOORS

Exceptional Value

Masonite® Flush-Glazed Steel Doors are truly unique. The combination of 24-gauge steel facings, a wood thermal break and a high performance insulated core provide brighter rooms, energy efficiency and solid construction.

Special Features:

- **SUPERIOR AESTHETICS**
The flush-glazed feature provides a much cleaner appearance than a traditional glass insert. The glazing bead is flush with the surface of the door and does not have screw holes.
- **STILE & RAIL FACING CONSTRUCTION**
All doors feature an authentic stile and rail facing construction – replicating the appearance of a real wood door without all the maintenance.
- **WIDER VIEWING AREA**
Masonite Flush-Glazed Doors brighten up any room with up to 20% more viewing area – standard and wide glass inserts are available.
- **DURABLE & ENERGY EFFICIENT**
All Masonite Flush-Glazed Steel Doors are manufactured with 24-gauge steel facings and insulated foam cores – maximizing strength, durability and energy efficiency.
