MASONITE® FIBERGLASS DOOR COLLECTION

# Introducing the ultimate collection of fiberglass entry doors...

Masonite offers an incredible variety of fiberglass entry doors. The Barrington® door is the essence of luxury and performance. Barrington features distinct raised moulding, authentic wood-grain texture and proprietary glass designs. The Belleville® line includes a tremendous variety of panel configurations and sizes. Belleville has a very ornate panel profile and is offered with a smooth or textured wood-grain surface. The ArTek® and Oakcraft® lines include all traditional designs and are also offered as flush-glazed. ArTek features a smooth surface, while Oakcraft is textured. All Masonite fiberglass doors feature high-performance fiberglass facings and square-edge construction for maximum performance and authentic wood door appearance.

- Hardwood door beauty - Barrington® features Masonite's new authentic hardwood texture in both Oak and Mahogany
- Distinct raised moulding
- Proprietary glass designs
- Custom glazing frame profile and architecturally correct alignment
- Unique panel configurations

# Barrington® Fiberglass Door Collection,

the essence of luxury and performance

Barrington 2-Panel with 3/4 Rect. BR2 Glass

Behold the Barrington® Fiberglass Door Collection from Masonite, defining a new level of luxury in fiberglass entry systems.

## HIGH-PERFORMANCE FIBERGLASS & HARDWOOD DOOR BEAUTY

Specially engineered fiberglass door facings provide maximum protection and durability. The surface of a Barrington® door produces an authentic wood door appearance by utilizing Masonite's new, variable depth, wood-grain texture that finishes easily and beautifully. Both oak and mahogany textures are available. Barrington will not dent and resists splitting, cracking and warping.

## CUSTOM GLASS FRAMES & ARCHITECTURALLY CORRECT ALIGNMENT

Glazing frames have been specifically designed to match the panel moulding in both profile design and width. All raised moulding profiles align vertically on the surface of the door to avoid overlapping onto the surface of the stile.

## RAISED MOULDING

Distinct raised moulding is standard on all Barrington doors – reminiscent of hand-crafted hardwood doors. The moulding is integrated into the door facing (no plant-on applique).

Barrington Mahogany 2-Panel with 3/4 Oval BR2 Glass

## PROPRIETARY DECORATIVE GLASS DESIGNS

Barrington features a stunning, proprietary collection of Specialty™ decorative glass. Unlike typical fiberglass doors with glass inserts, Barrington doors are factory-glazed with custom-sized inserts to yield wider glass and narrower stiles & rails – similar to authentic hardwood doors.

## ENGINEERED STILES

Hinge and lock stiles feature laminated lumber providing excellent dimensional stability.

## TRUE SQUARE-EDGE DESIGN

The square-edge design of Barrington offers an attractive wood door appearance and permits easy field machining.

## INTERNAL BLOCKING

Lock area is reinforced to provide a solid mounting surface for decorative hardware.

## ROT-RESISTANT BOTTOM RAIL

A high-performance, composite material is utilized on all Barrington bottom rails, giving excellent rot-resistance.

FIBERGLASS ENTRY DOORS

Staining your fiberglass entry system has never been easier.  
The fiberglass staining kit from Masonite comes with everything you need to achieve a high-quality finish.

#### Complete Stain Kit:

- ZAR® exterior water-based polyurethane (Qt.)
- ZAR® wood stain (Pt.)
- Mineral spirits (4 oz.)
- Two 2" foam brushes
- One 2-1/2" synthetic bristle brush
- Cheese cloths
- Two stir sticks
- One pair of latex gloves
- Door staining instructions

#### Stain

Add rich, uniform color to your Oakcraft®, Belleville® or Barrington® fiberglass wood-grain textured door for an authentic wood door appearance. Choose from six distinct stain colors with a variety of shades, from light to dark.

#### Top Coat

Apply an exterior, UV resistant, water-based polyurethane top-coat. The result is a beautiful clear satin sheen finish.

#### Stain colors for textured wood-grain doors

With each stain color, a variety of shades, light to dark, can be achieved. Colors are approximate and may vary in actuality to printed materials.

## *Masonite's Commitment*

At Masonite, employees from all parts of the company – sales, marketing, research and development, customer service and manufacturing – understand that people love their homes. In the past, homes were purchased to meet functional needs. Today, homes are purchased to meet specific lifestyles and to satisfy the need to create multiple living environments within a single home. To meet these lifestyle needs, Masonite is continually creating new and innovative products that will make every home more beautiful, more valuable and more enjoyable. With the ultimate goal of adding beauty and value to every home, Masonite's products are designed and constructed to exacting standards and specifications. All materials – wood, fiberglass, steel or composites – are engineered and carefully selected to ensure lasting durability and timeless performance. For individuals who are building, renovating or redecorating, Masonite products are certain to beautify and accentuate a wide array of architectural home styles.
