

Elegant Openings

Lavish details are offered in our French Rinceau and Classic Corinthian elliptical pilastered openings. These easy to install, 3 piece kits are made to order using White River™ products, to complement your White River™ interior. They are perfect for new construction or remodeling where you prefer to remove the guesswork of layout, materials, skill and costs to create a masterpiece, such as this.

Our Elegant Openings offer guaranteed quality at a known cost. Don't leave your home without it!

To order French Rinceau - numbers reflect width x height

EOFR3696

EOFR4896

EOFR6096

EOFR7296

and denote stain (ST) or paint (PT)

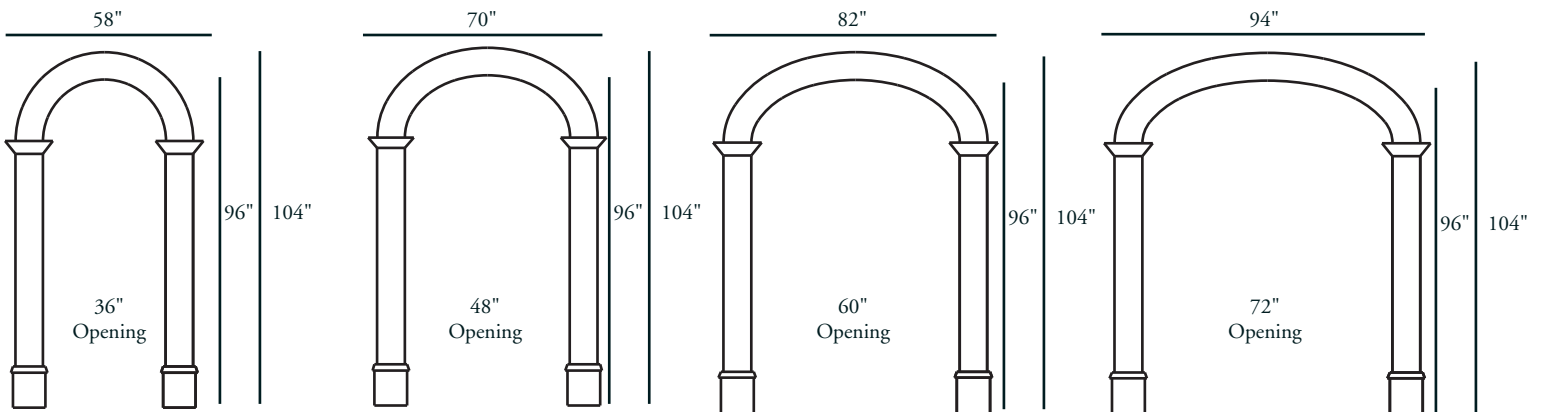

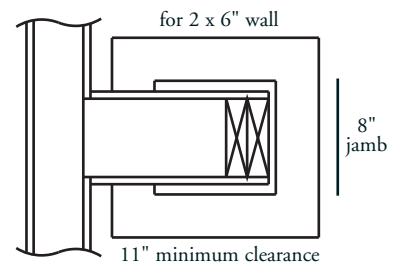

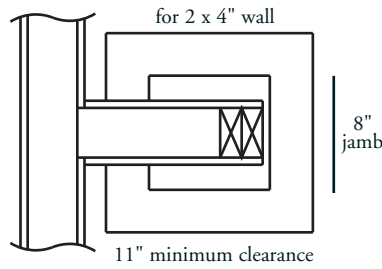

Example:

EOFR6096ST

EOFR4896 - The French Rinceau offers a soft paneled pilaster using PM8568 and CRV5077. The Rinceau Scroll Elliptical head uses the FR8965 and PM 8568 and the paneled head jamb uses the PM8568, to form a soft panel.

Minimum Clearance

When pilasters are installed, the minimum clearance allows for the projecting crown to fit.

Perfect ellipses . . . scaled and balanced to opening size.

Specification Details

French Rinceau ~ Classic Corinthian

- Both openings are available ready to install in 3 easy pieces
- Each opening is made to order for 2x4 or 2x6 walls, shipped unfinished and crated well
- Stock stain grade openings are made from Poplar mouldings, Birch veneer and resin mouldings for radius work
- Stock paint grade openings are made from Poplar mouldings, MDF and resin mouldings for radius work
- Made to order in custom species, please call for further information (Cherry, Maple . . .)
- All plynths are 10" in height
- All ellipses have an 18" rise; on 36" diameter, 18" rise becomes half circle
- Detailed instructions included with each kit
- Estimated Time Out: 4-6 weeks depending on quantity
- Crate and Freight is included in price.

OneSource™

Ornate plaster medallions, shell niches and an overdoor panel complement our embellished mouldings and add rich architectural elements to your projects. These old world elements are generously cast and highly sculptured. Use these alone, or combine with mouldings to create a larger statement. Resin moulding can be used to enlarge the overall diameter of the circle.

These can also be cut in half or quarters to augment a lavish ceiling design. If needed, center holes can be jobsite cut for electrical wires, using standard tools. Installation instructions enclosed with each medallion or niche.

Our one-of-a-kind line of Resin Corbels are offered in 3 distinctive styles, available in 4 sizes. Our PCOR Corbels can be used as is - in this beautiful satin marble finish - or may be primed, painted, or stained. PCOR Corbels are offered with installation hangers on back.

PCOR4320
