The traditional American front porch... it's where we welcome friends and family into our home. It's where we sit and enjoy their company. It's the place where we go to escape the stress of daily life and take the time to sit back, relax, and enjoy life.

The last thing you want to worry about is the work required to keep your porch beautiful, and that's where HB&G can offer you the solution of a lifetime.

HB&G offers a wide variety of porch products to help you create the design that best suits your way of life.

Best of all, many of our products require little or no maintenance and come with a lifetime warranty.

The following pages include everything you need to know to build a beautiful, enduring structure that will improve the quality of your life.

The Quality of Life.

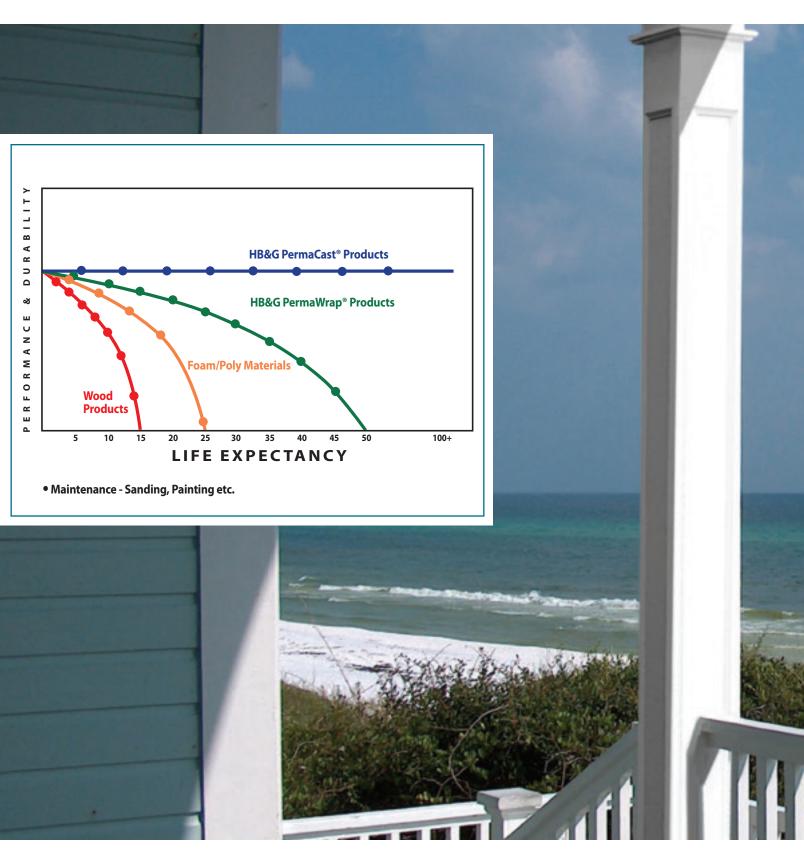

In today's fast paced world, few of us have extra time to spend. HB&G understands that. That's why our porch products are the easiest to install and require little to no maintenance. Additionally, with our PermaCast® products you'll never have to waste time repairing or replacing them... not today, or even years from now. Let the quality of our beautiful porch products improve the quality of your life.

Life is Good.

The porch is a place we can go to enjoy all the remarkable beauty of nature, yet nature herself can be a destructive force, causing traditional building products to rot and decay

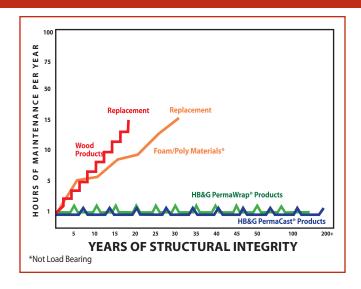

in a very short period of time. With HB&G products, life is good. Our PermaCast® products are rot proof, weather proof, insect proof, and highly durable.

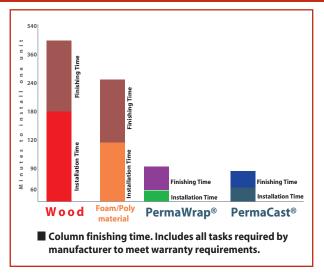

PermaCast® columns are produced from a proprietary fiber-reinforced polymer composite with exceptional durability and strength-to-weight characteristics, enabling them to stand up to the elements like no other product on the market. With HB&G products you can sit back, relax, and enjoy a worry-free porch no matter where you live.

Selection

HB&G offers the widest selection of porch products available on the market. With a variety of sizes and styles, HB&G has the porch accessories to meet the needs of any project.

The HB&G Product Collection includes Round PermaCast® Columns, Square PermaCast® Columns, PermaWrap® Columns, PermaPost®, PermaPorch® Railing, Balustrade Systems, PermaPorch Ceiling, Medallions and Brackets.

Also available are wood columns, medallions and Perma Lamp Posts.

Ease of Use

Time is money, and with HB&G products, not only do you save time on the installation, you'll also save a considerable amount of money maintaining your porch accessories over the lifetime of the product.

Many of the HB&G products can be installed at 1/3 of the time of traditional wood products. Additionally, most of the Perma products are either pre-finished white, or primed and ready to paint.

Warranty

HB&G is so sure of the quality of their product, that they offer lifetime warranties on many of their products. All of the PermaCast® columns come with a lifetime warranty for as long as you own your home. PermaWrap® comes with a 10 year warranty. The PermaPost® and Balustrade systems come with a 10 year warranty and the PermaPorch® Railing comes with a 25 year warranty. See website for each product's complete warranty.

The PermaPorch® Package

It's an effective way to coordinate all of your porch accessories. At HB&G you will find an entire line-up of products that are made to work together, creating a beautiful, seamless and cost-effective addition to your home. Enjoy the lasting beauty of columns or posts, a railing or balustrade system, medallions, brackets, and PermaPorch Ceiling, all from the company who is setting new standards in porch products and accessories.

Life, Liberty, and the Pursuit of Happiness.

Products to match your lifestyle, liberty from on-going maintenance, and time to spend pursuing the finer things in life, are all obtainable through our huge selection of high-quality products for your porch or deck.

It's a beautiful life.

Architectural integrity is a high priority when selecting the right products for your home. As one of the most prominent architectural features, your front porch can add style and elegance to your home increasing it's value and appeal. HB&G is committed to the correct interpretation of architecture.

Unmatched in breadth and depth, HB&G has an ever-increasing line of products that are both historically accurate and fit the current styles and

building trends.
If you are looking for porch
products that will complement
and beautify your home, HB&G
is the only brand you need.

The **PERMA**Cast® Column Collection

- Weather Proof
- Insect Proof
- Load Bearing
- Low Maintenance
- PermaFlashing
- PermaPrimed Tuscan Cap and Base
- Ready for Paint
- Lifetime Warranty

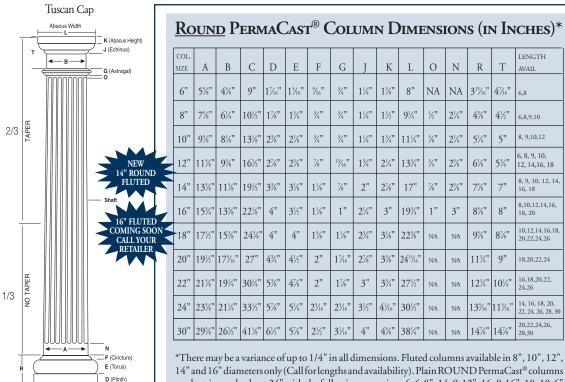

HB&G PermaCast® Columns are available in round or square. The round columns are fluted, or plain, with or without the classic tapering of the upper two-thirds of the column. Square columns are available in a variety of styles as well, including plain or fluted, applied panel,

recessed panel, or the craftsman style column. The PermaCast® capitals and bases are made from durable low-maintenance materials, and like the columns, they maintain architectural authenticity and historical accuracy.

Architectural Accuracy

In the first century B.C., Vitruvius, a Roman architect and engineer, wrote what has become the most influential work on classic form. In it he elaborates on the discovery by the ancient Greeks of entasis, a gradual tapering of the upper two-thirds of the round column which offsets the undesirable illusion from eye level that the column shaft grows larger as it ascends. HB&G round columns hold true to this classic form.

Versatility of Square Columns

The design and versatility of an HB&G square column has enhanced its popularity with today's architects. The HB&G Square PermaCast® column line up includes square, plain and fluted. An unlimited combination of styles can be achieved by various uses of the panel molding, neck molding, and caps and bases. Additionally, the square column is not tapered and can be cut to any height without affecting the fit of the caps and bases.

Lifetime Warranty

HB&G warrants that for the "lifetime" of ownership the PermaCast® column is free from defects in material and workmanship. "Lifetime" means as long as the purchaser owns the structure to which the PermaCast® columns are attached. Upon proper installation of the column, HB&G will repair or replace, at its option, any PermaCast® column that has failed as a result of defective material or workmanship of HB&G. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

Fire Retardant

All HB&G PermaCast® columns are fire retardant. This new offering has been tested by code certified laboratories to ensure its fire performance characteristics.

Tips

- When ordering an ornamental capital order the appropriate base for the column.
- ✓ Ornamental capitals for square PermaCast® slide over the shaft and do not use a plug. These ornamental capitals will not lengthen or shorten the height of the column.
- ✓ Insure exact opening measurement prior to ordering column length.
- ✓ When installing a PermaCast® column, insure concentric loading of column. 100% of bottom must contact substrate and 75% of top must contact soffit.
- ✓ When attaching hand rails or corner iron to PermaCast® columns, holes must be pre-drilled before applying screws.
- ✓ When ordering panel molding for square PermaCast® columns, make sure to order enough for four sides of the column.
- ✓ Do not paint PermaCast® columns using dark colors (dark colors are considered any color that falls within the L value of 56 to 0). L is a measure of lightness of an object and ranges from 0 (black) to 100 (white).
- ✓ Split columns left partially intact. Cut with masonary or carbide top blade.

Splitting Options

Painting Instructions

Painting instructions for round and square PermaCast® columns:

- Rinse
- Prime with top quality exterior latex primer, or use an oil-based primer in accordance with paint manufacture instructions. A light coat of primer should be applied and allowed to cure fully.
- Paint evenly with several light coats over column with a high quality exterior latex or oil-base (if primer is used) in accordance with paint manufacture instructions.
- Do not paint PermaCast® columns using dark colors (dark colors are considered any color that falls within the L value of 56 to 0). L is a measure of lightness of an object and ranges from 0 (black) to 100 (white).

HB&G's number one goal is finding ways

that we can save you time and money making your life easier.

PermaFlashing

PermaCast® PermaFlashing and Installation Kit

The new PermaCast flashing and installation kit is now available and will be included at **no additional cost** in Tuscan cap and

base sets (starting with 8" round sets). This innovation will not only save time but will keep the elements out

Tuscar

of the column and secure the top and bottom of the column

PermaPrimed Tuscan Cap and Base

HB&G is now priming 6"-12" Tuscan caps and bases.

This additional priming coat will facilitate paint adhesion and have a far superior appearance at

no additional cost.

Round PermaCast® Porch Installation Bracket

The HB&G Porch Installation Bracket includes the bracket

and all required hardware. The bracket fits 20" - 30" Plain Round PermaCast® Columns and will secure a 2nd story porch to our PermaCast® Columns. Three brackets are required for each column.

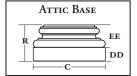

PERMACast® Capitals and Bases

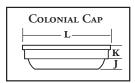

Choosing the right cap and base for your columns is as important as the selection of the column itself. The right cap and base can define the style of the front porch and create an atmosphere that compliments your lifestyle. The

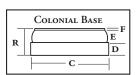

cap and base options offered by HB&G are shown on page 11. Please see the following data that corresponds with your cap and base selection to assure that you end up with the products that work best for you.

ORNAMENTAL CAPITALS FOR ROUND PERMACAST® COLUMNS

Adding a load bearing ornamental capital to a round PermaCast® column will lengthen or shorten the overall height of the column depending on the height of the capital. Subtract the "T" dimension (from the column dimensions chart) and add the height of the ornamental capital +/- 1/4" for overall column height.

8" - 12" LOAD BEARING CAPITAL

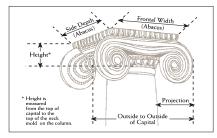

ORNAMENTAL CAPITALS FOR SQUARE PERMACAST® COLUMNS

Adding an ornamental capital to a square PermaCast® column DOES NOT change the length of the column shaft. The ornamental capital simply slides over the shaft. Neck molding can be applied or not.

^{*}Not available for square fluted PermaCast **Load Bearing

CAPITAL & BASE OPTIONS

Capitals and bases for PermaCast® columns are decorative. The shaft fits through the center of the capital and base and does not alter the height of the shaft. Several options are offered for PermaCast columns.

TUSCAN CAPITAL AND BASES

The Tuscan style is standard and best complements the PermaCast® column. The Tuscan is available for all ROUND and SQUARE shafts. Starting in 2007 8"-12" Tuscan caps and bases will include at no charge the new PermaFlashing and installation kit.

ORNAMENTAL CAPITAL

Five styles of ornamental capitals are available for all round and square shafts. Nothing makes a statement like a PermaCast® columns with an ornamental capital.

Using an ornamental capital with a round PermaCast® shaft will alter the height of the shaft. Ornamental capitals do not alter the height of the shaft when used on a plain square PermaCast® Column.

ATTIC BASE

Attic Bases are used for a more ornate look and come in 1 or 2 pieces depending on their size.

COLONIAL CAP AND BASE

Referred to as our economy" capital and base, the Colonial is approximately 1/2 the size of the Tuscan. It does not provide architecturally correct dimensions and should only be used when aesthetics are not a priority. Only available for ROUND PermaCast® shafts 6" - 12"

FIBERGLASS BASE

The fiberglass base is manufactured from the same materials as the shaft and available for Round PermaCast® shafts 8" - 12" only. It is designed to be used in high traffic areas.

Collection

- 10 year warranty
- Made from cellular PVC
- Installation kit included*
- Interior and exterior use

Now there is an HB&G column to match any style, inside or out, with the new PermaWrap® Column Collection.

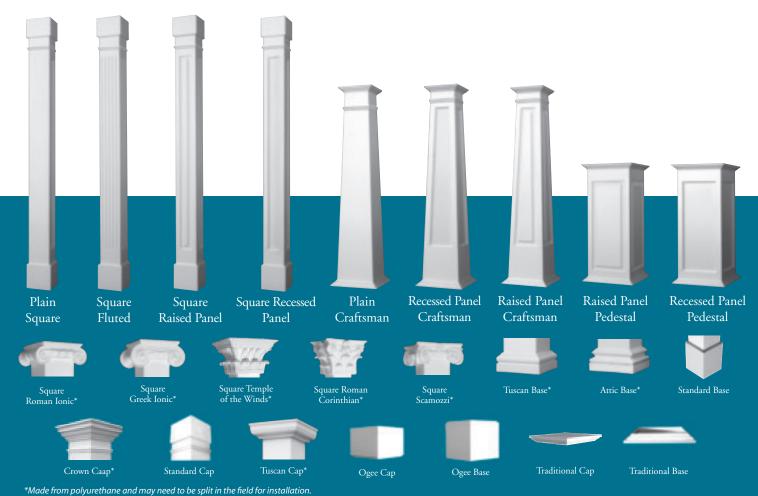

The PermaWrap® column was designed to maintain the appearance of the elegant high end columns while remaining competitively priced.

Leading the industry in column innovation, HB&G PermaWrap® columns are made from cellular PVC and offer advantages of being unaffected by moisture and insects, but with the thickness, ease of use and workability of wood.

PermaWrap® Columns are available in all sizes and styles — square or craftsman — plain, fluted, raised panel, and recessed panel. With all of these options, you are certain to find just the right amount of detail for your specific project.

Best of all, the PermaWrap® column comes with a 10-year HB&G warranty.

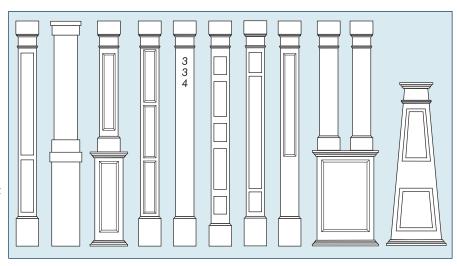

DARE TO DREAM...

Custom PermaWrap® Columns

From 5" to 24" width and 2' to 20', you can now order the perfect custom column for your home or neighborhood project. Custom columns are manufactured using 1/2" or 5/8" cellular PVC. Ask HB&G today how you can put a unique signature on your next custom project. Simply visit our website, www. hbgcolumns.com, or contact our Architectural Department at 1-800-264-4HBG.

Examples of custom PermaWrap® columns

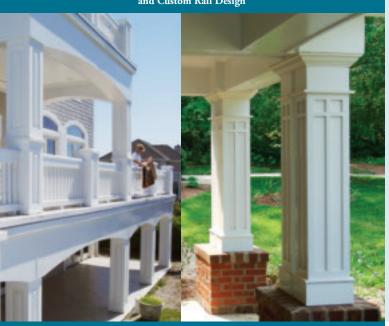

24" x 18' Square Recessed PermaWrap® Columns

10" x 8' Custom Raised Panel Square PermaWrap® Columns and Custom Rail Design

14" x 10' Custom Raised Panel PermaWrap® Columns

12" x 6' Custom Square Recessed Panel PermaWrap® Columns

Assembled

"L"-Assembly

Three Ways to Order PermaWrap® Columns

Flat Stock

- Manufactured from 3/8"
 Cellular PVC
- Easy Installation
- 12' Lengths use 1/2" or 3/8" Cellular PVC
- Complete Assembly Kit Included

Assembled

- Manufactured from Cellular PVC
- Fully Assembled
- 4" x 4" Pressure Treated Post Included
- Ready to Install

L-Assembly

- Manufactured from 3/8", 1/2" or 5/8" Cellular PVC
- Shipped in two "L"
- Square Column Ready to Wrap Around an Existing Post
- Available in Plain, Fluted, Raised Panel, Recessed Panel
- Craftsman Columns Available in Plain, Raised and Recessed Panel Styles

Painting and Finishing

Caulk where required using Siroflex brand Sealant and Adhesive provided by manufacturer. Putty any holes using acrylic putty or caulk. Lightly sand or scuff surface of column. Clean surface of column to remove any dirt or hand oil residue with light detergent and water, denatured alcohol, or window cleaner. Be sure to remove soap residue with clean water. Apply one coat of 100% acrylic exterior primer and one or more finish coats of 100% acrylic exterior paint.

Warranty Info

Subject to the terms, conditions and limitations stated herein, HB&G Building Products, Inc., warrants to the original purchaser that PermaWrap® columns will be free from manufacturing defects which cause the product to rot, delaminate or excessively swell during the applicable warranty period. This warranty shall be effective for a period of ten (10) years from date of original purchase.

This warranty does not cover painted finish or coating applied to PermaWrap® columns by the original purchaser or any third party. Failure to adhere to manufacturer's recommended guidelines for application of painted surfaces shall void this warranty. This warranty does not cover improper installation of PermaWrap® columns or its structural supports. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim.

Installation cost not included. HB&G gives no other warranty expressed or implied.

Square Stock Wood Columns

Warranty

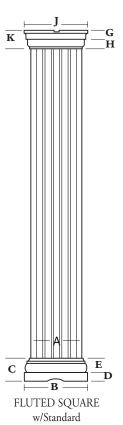

HB&G warrants that for one year from date of shipment from its factory, its stock pine columns, when properly and adequately protected from the elements will be free of defects in material or workmanship. Columns must be properly stored in a cool, dry environment prior to instillation. In the event defects are found, HB&G agrees to replace or repair the product at their option. No one is authorized to promise any other liability. Any changes, attachments, modifications or improvements to the products are specifically excluded from this warranty. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

Wood Capitals and Bases

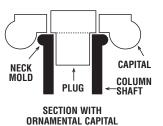

8" - 12" LOAD BEARING ORNAMAENTAL CAPITALS FOR ROUND WOOD COLUMNS

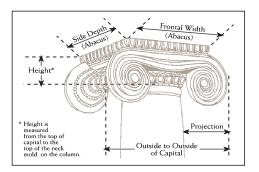

Adding a load bearing ornamental capital to a round wood column will lengthen or shorten the overall height of the column depending on the height of the capital. Subtract the "T" dimension (from the column dimensions chart) and add the height of the ornamental capital +/-1/4" for overall column height.

14" - 30" Ornamental Capitals for ROUND & SQUARE WOOD COLUMNS

Adding an ornamental capital to a round or square wood column will lengthen or shorten the overall height of the column depending on the height of the capital. Subtract the "T" dimension (from the column dimension chart) and add the height of the ornamental capital +/-1/4" for overall column height.

^{•8&}quot;-12" Round Ornamental Capitals are load bearing

^{*}Ornamental capitals are composition caps FOB Cleveland

Capital & Base Options

Capitals and bases for wood columns are load bearing. The shaft fits on the capital and base and alters the height of the shaft. Several options are offered for wood columns.

Tuscan Capital And Base (Standard)
The Tuscan style is standard and best
complements the wood column. Tuscan
is available for all ROUND and SQUARE
wood shafts.

ORNAMENTAL CAPITALS

Five styles of ornamental capitals are available. Nothing makes a statement like wood columns with an ornamental cap. 8"-12" ornamental capitals for Round wood columns are load bearing.

Using an ornamental capital with a wood shaft will alter the height of the shaft.

ATTIC BASE

Attic bases are used for a more ornate look and comes in two pieces. The plinth (see DD dimension in chart and the torus (EE)).

TIPS

When ordering an ornamental cap order the appropriate base for the column.

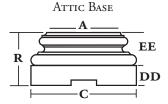

Ornamental caps will lengthen or shorten the height of the column.

Insure exact opening measurement prior to ordering column length.

WHAT YOU NEED TO KNOW

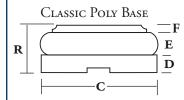

- The height of a column includes capital and base Ex. 8' = shaft 7'61/2" and capital and base total 8'.
- Cap and base fit on top and bottom of column insulation the column from the elements.
- •Split columns are not load bearing.
- For transportation purposes small section of split columns are left partially intact.
- Store columns in dry, well ventilated area.
- For exterior applications: Paint inside of column shaft with a nonfibrous ashpaltum type roof coating.
 Application must reach minimum 48" up the inside bottom of the column shaft
- Wood columns require ventilation at the top and bottom.
- Failure to adhere to installation instructions voids the warranty.

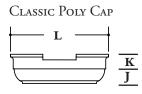

The same caps and bases offered in PermaCast® are also available in wood for both the stock and architectural line of columns.

For columns 8" to 20" in diameter, bases including plinth are Polywood.
Bases for 22" to 30" are made of wood, with plinths in cast aluminum.*6" only available in wood.

The **erma ost**Collection

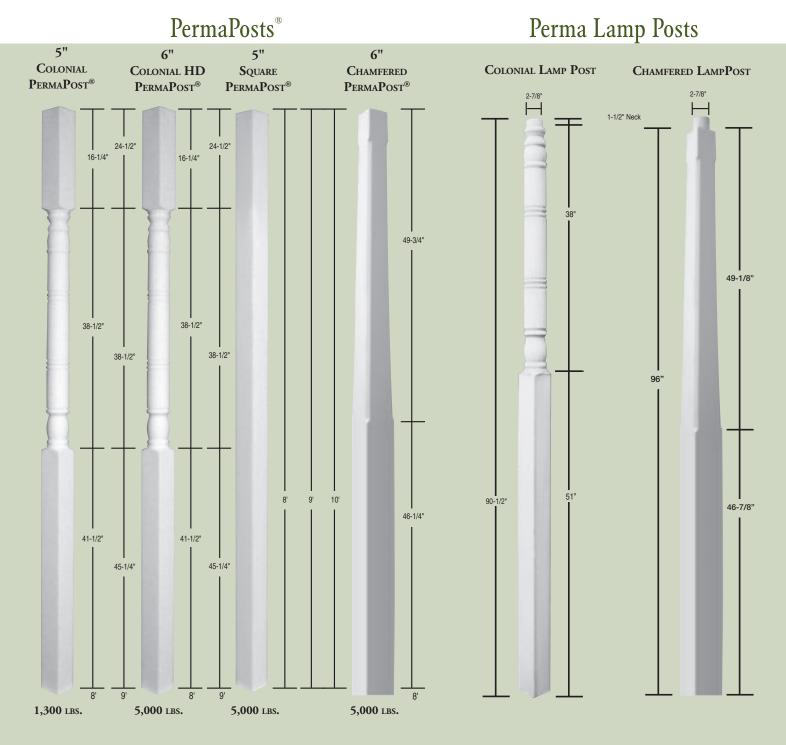

- Weather Proof
- Insect Proof
- Load Bearing up to 5,000 lbs.
- Low Maintenance
- Finished White, Ready to Install
- 10 Year Warranty

The PermaPost® is made from a super low maintenance polyethylene and is finished white so it can be painted

or left unpainted. For a warm and inviting decorative look for your front porch, choose from either the 5" or 6"

Colonial post, the 5" square post, or the new 6" Chamfered post.

The Perma Lamp Post is an attractive way to light a drive or garden area. The pipe in the center is designed to allow a wire to be easily installed. The 2-7/8" pipe fits most outdoor lamp fixtures.

Description

Dimensions are normal and may vary slightly.

- 5" Colonial PermaPosts® and lamp posts are net 4"
- 6" Colonial PermaPosts® are net 5"

Chamfered PermaPosts® and lamp posts are net 3-1/2" and 5-1/2"

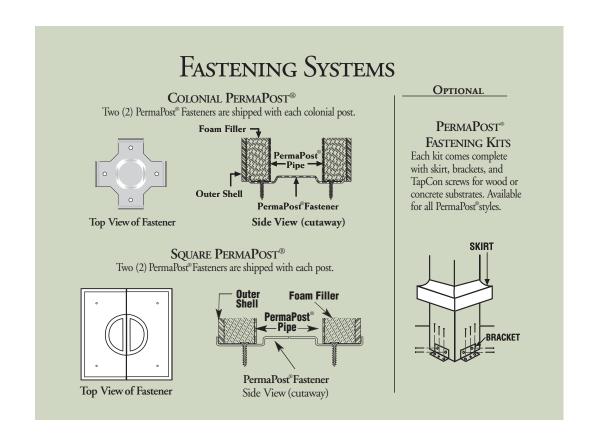

- Square posts are net 4-1/4"
- Lamp posts can accommodate most outdoor lamp fixtures.

The PermaPost® is composed of a polyethylene shell which surrounds a galvanized steel pipe (20 gauge for the 5" post, 13 gauge for the 6" post) and polyurethane foam filler. The 6" PermaPost® is tested to carry a load of up to 5,000 lbs.. and the 5" post is rated at 1,300 lbs. (ASTM A500 (40 K.S.I.)

Warranty

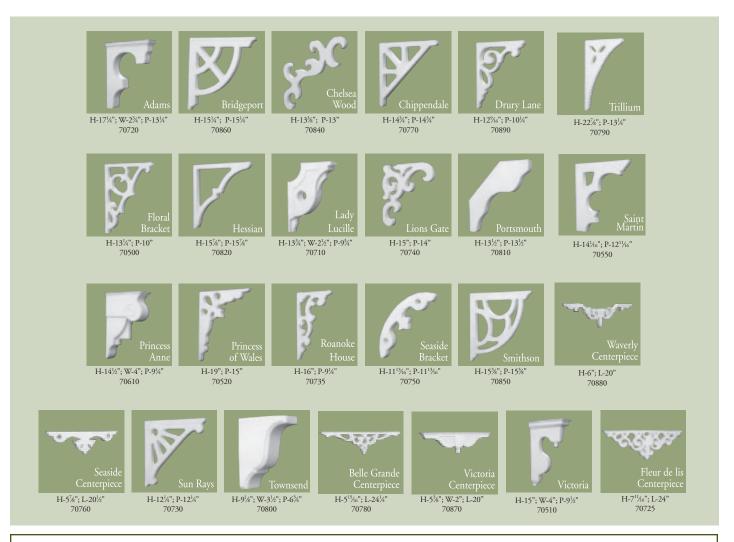

HB&G warrants that for ten years the PermaPost® porch or lamp post is free from defects in material and workmanship. Upon proper installation of the post, HB&G will replace any PermaPost® which has failed as a result of defective material or workmanship. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

Brackets

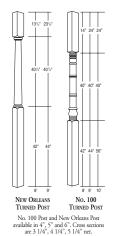

HB&G Brackets provide an inexpensive and low maintenance way to dress up your home. Choose from a wide variety of styles. Brackets can be used with

either the PermaPosts® or wood posts. Enjoy a low-maintenance way to add style and decor to your front porch.

WOOD PORCH POSTS

HB&G warrants that the wood porch post is free from defects in material and workmanship. For one year, upon proper installation of the post, HB&G will replace any wood post which has failed as a result of defective material or workmanship. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

HB&G gives no other warranty expressed or implied.

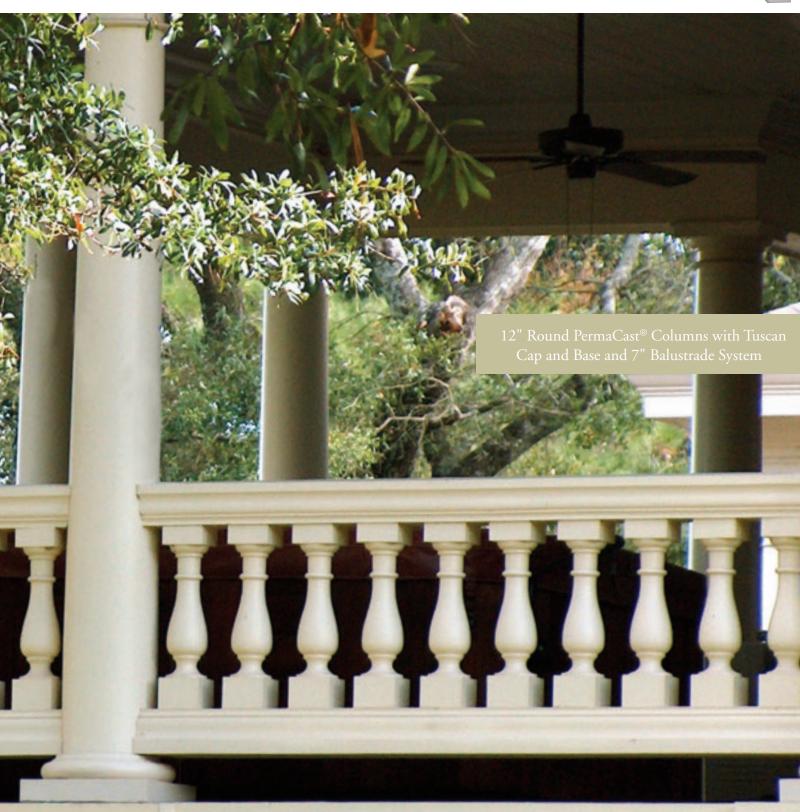

- Low Maintenance
- Primed White (ready to install and paint)
- Easy Installation
- 10 Year Warranty

HB&G has created a unique and elegant balustrade system that can make your home stand out from the rest.

These low-maintenance features are made by molding high-density urethane around structural elements in order to provide exceptional beauty, durability, and quality. Choose from three rail sizes and several baluster profiles. Curved balustrade systems are available in 10' sections. For more information about this exceptional addition to your porch, call 1-800-264-4HBG.

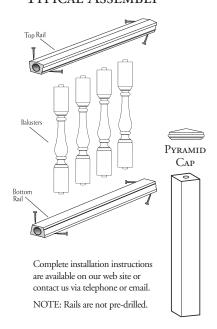

Building Codes

HB&G recommends checking all local, state, and national building codes before the design and installation of your balustrade system.

HB&G is not responsible or liable for any balustrade system that does not meet the requirements of the governing building code in the location where the system is installed.

The space between the bottom rail and the substrate should not be more than 2".

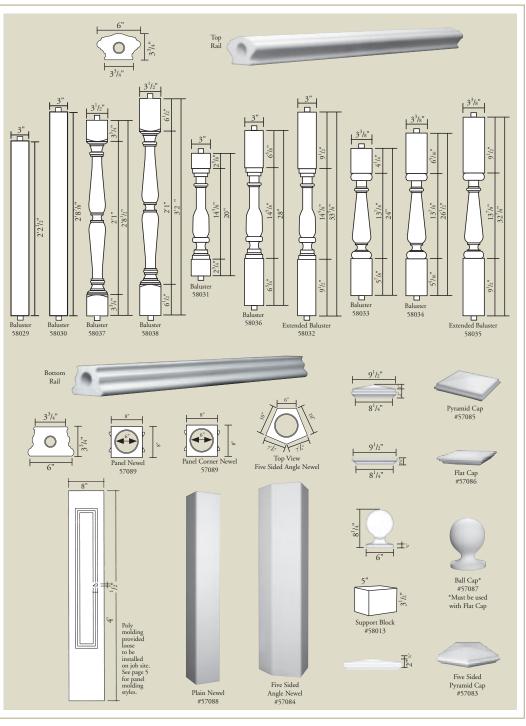

Typical Assembly

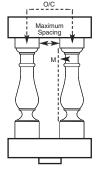

Warranty

HB&G warrants that for 10 years the components in its Balustrade Systems are free from defects in material and workmanship. Assuming proper installation, HB&G will repair or replace any component which has failed as a result of defective materials or workmanship. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

Pre-Finished

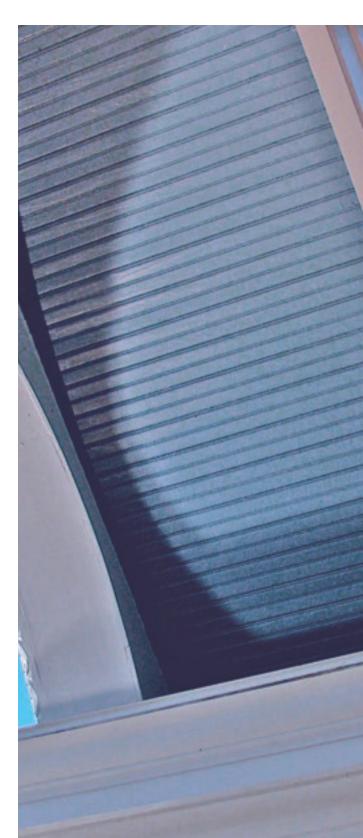

The PermaPorch Ceiling comes prefinished white, ready to install in 12 ft. lengths. It can also be painted to match the look and feel of your home. Then, to finish it off, choose from a variety of ceiling moldings available.

Warranty

HB&G warrants that for 25 years the PermaPorch Ceiling is free from defects in material and workmanship. The factory applied top coat (paint) is warranted for 10 years. Assuming proper installation, HB&G will repair or replace any PermaPorch Ceiling which has failed as a result of defective materials or workmanship. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G gives no other warranty expressed or implied.

Pre-finished to match the PermaPorch Railing, the PermaPorch Ceiling is another low maintenance product in the HB&G PermaPorch package. It can be used as a beaded ceiling, or as an accent to any room as a dramatic wainscoting. With the PermaPorch Ceiling, you and your family will enjoy a seamless and stylish porch ceiling for years to come. Once it's installed, it offers lasting beauty so you can sit back, relax, and enjoy the good life.

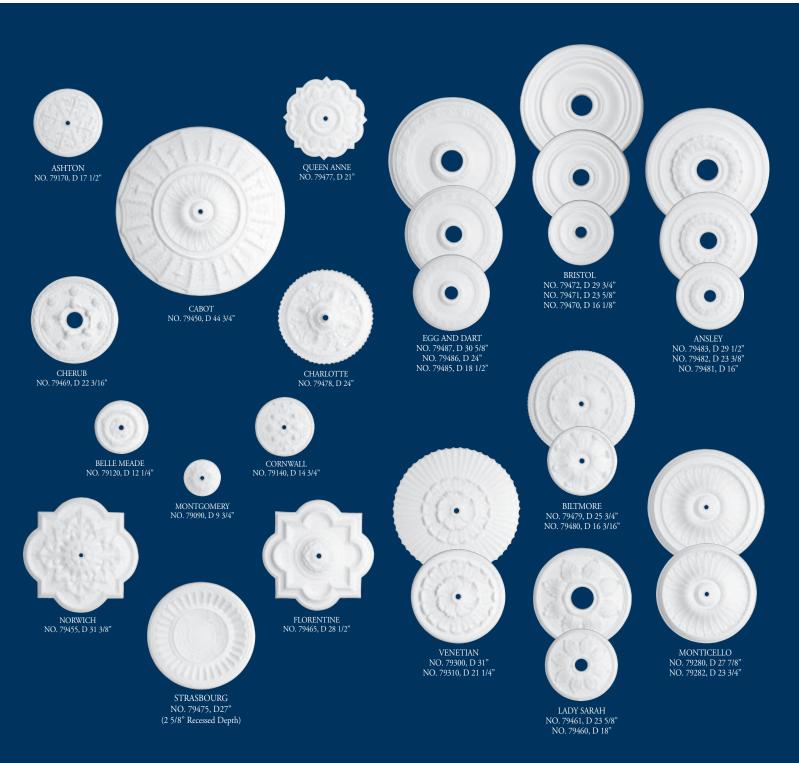

Medallions

Add character to any room with HB&G's ceiling medallions. With so many styles and sizes to choose from, you can be sure to find the products that have the look and feel

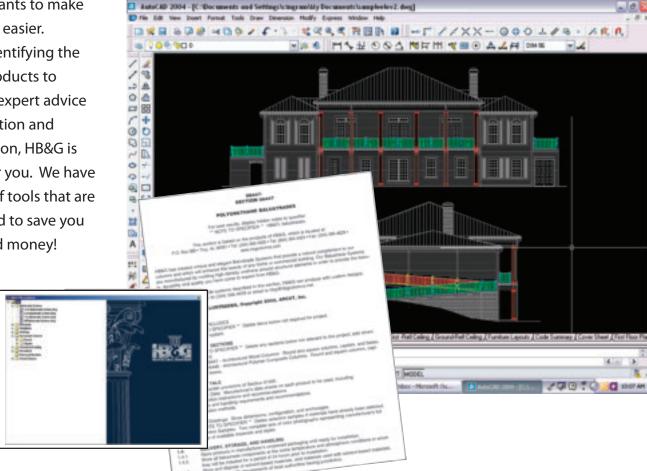

your room needs. These historically accurate accents are lightweight, durable, easy to install and maintenance free.

HB&G's **Architectural Department** is there to assist in plan take-off's, projects, and special quotes.

Tools for Architects, Designers, Builders and Remodelers...
