MASONITE® FIBERGLASS DOOR COLLECTION

Introducing the new Barrington® Craftsman & Sierra™ Fiberglass Entry Doors from Masonite...

Barrington® Sierra™

The Barrington® Sierra™ Series has been engineered to meet the design needs of Southwest, Spanish or Mediterranean style homes. The Sierra Series is available with a 2-Panel Camber Top design - with or without planks. Like all Barrington, the Sierra is the ultimate in authenticity. Sierra has a unique, custom panel profile and beautiful Mahogany texture. The Sierra is the first opaque (non-glazed) Barrington door. However, the series does feature a matching full sidelite panel with a choice of clear and three decorative Specialty™ Glass designs.

Barrington® Craftsman

The Barrington Craftsman Series beautifully complements Mission or Craftsman style architecture with the durability of fiberglass. The Barrington Craftsman features three recessed panels and a unique one-lite glazing system. This door is factory-glazed with a custom glazing system and profile that matches the panel (sticking) design for an extra clean look. The surface features a straight-grain hardwood texture that finishes easily and beautifully. A matching one-panel/one-lite sidelite panel is also available to provide even more configurations. Barrington® Craftsman offers a simple, clean and classic look and is available with three glazing options including a choice of two dramatic, decorative Specialty™ Glass designs or clear insulated glass.

HIGH-PERFORMANCE FIBERGLASS & HARDWOOD DOOR BEAUTY

Barrington Craftsman and Sierra combine the performance of fiberglass with the beauty of authentic hardwood textures. The Sierra features a beige-colored fiberglass facing with the beautiful Masonite Mahogany texture - perfect for achieving that Southwest, Spanish or Mediterranean look. The Craftsman features a straight-grain hardwood texture, beautifully complementing Mission or Craftsman style homes.

CUSTOM GLAZING SYSTEM

The Craftsman door is factory-glazed with a unique glazing system. The glass is integrated into the design of the door, maintaining the simple, clean look of the panel sticking (profile) without the use of traditional glazing frames.

PROPRIETARY DECORATIVE GLASS DESIGNS

Craftsman features a stunning, proprietary collection of Specialty™ decorative glass. Unlike typical fiberglass doors with glass inserts, Barrington doors are factory-glazed. Clear insulated glass is also offered.

DENTIL SHELF KIT

Barrington Craftsman is offered with an optional Dentil Shelf Kit. All necessary items are included in the kit: dentil shelf, adhesive and instructions.

TRUE SQUARE-EDGE DESIGN

The square-edge design of Barrington offers an attractive wood door appearance and permits easy field machining.

ENGINEERED STILES

Hinge and lock stiles feature laminated lumber providing excellent dimensional stability.

INTERNAL BLOCKING

The lock area is reinforced to provide a solid mounting surface for decorative hardware.

ROT-RESISTANT BOTTOM RAIL

A high-performance, composite material is utilized on all Barrington bottom rails, giving excellent rot-resistance.

BARRINGTON®
Fiberglass Entry Doors

BELLEVILLE®
Fiberglass Entry Doors

Oakcraft®
Wood-grain Textured
FIBERGLASS ENTRY DOORS

Staining your fiberglass entry system has never been easier.
The fiberglass staining kit from Masonite comes with everything you need to achieve a high-quality finish.

Complete Stain Kit:

- ZAR® exterior water-based polyurethane (Qt.)
- ZAR® wood stain (Pt.)
- Mineral spirits (4 oz.)
- Two 2" foam brushes
- One 2-1/2" synthetic bristle brush
- Cheese cloths
- Two stir sticks
- One pair of latex gloves
- Door staining instructions

Stain

Add rich, uniform color to your Oakcraft®, Belleville® or Barrington® fiberglass wood-grain textured door for an authentic wood door appearance. Choose from six distinct stain colors with a variety of shades, from light to dark.

Top Coat

Apply an exterior, UV resistant, water-based polyurethane top-coat. The result is a beautiful clear satin sheen finish.

Stain colors for textured wood-grain doors

With each stain color, a variety of shades, light to dark, can be achieved. Colors are approximate and may vary in actuality to printed materials.

Masonite's Commitment

At Masonite, employees from all parts of the company – sales, marketing, research and development, customer service and manufacturing – understand that people love their homes. In the past, homes were purchased to meet functional needs. Today, homes are purchased to meet specific lifestyles and to satisfy the need to create multiple living environments within a single home. To meet these lifestyle needs, Masonite is continually creating new and innovative products that will make every home more beautiful, more valuable and more enjoyable. With the ultimate goal of adding beauty and value to every home, Masonite's products are designed and constructed to exacting standards and specifications. All materials – wood, fiberglass, steel or composites – are engineered and carefully selected to ensure lasting durability and timeless performance. For individuals who are building, renovating or redecorating, Masonite products are certain to beautify and accentuate a wide array of architectural home styles.
